Composting at home, Masterclass

Hop on with your kids for this fun workshop where you learn the art of home composting with Natasha D'costa

About SUN and Natasha D'costa: SUN, which stands for start upcycling now, is a social enterprise founded by Natasha D'costa. Putting waste material into optimum use, SUN ensures the upcycle energy circulates in schools, organizations and even societies. From creating lights, furnitures to a whole new garden - today SUN has a lot to it's credit.
