Food Safety Management at Home

An insightful session to help you understand the basic food safety measures and precautions with Prajakta Parab.

About Prajakta Parab:

With over 7 plus years of experience in the food and beverage industry and having worked in a variety of profiles and settings including as a certified lead auditor for food safety management system, Prajakta helps people in ensuring the food they eat is safe and healthy. This comes important especially at a time when we're fighting Covid-19.
